

St. Louis Selects Hockey Club

Dear School Representative,

The St. Louis Selects Hockey Club takes pride in its commitment to develop quality student-athletes. Our mission is to develop and showcase the elite level Midget (HS age) hockey player from the St. Louis area and beyond, in an effort to help them realize their athletic/academic dreams. We do this by focusing on hockey development and exposure as well as academic support. The program is geared toward serious student athletes who understand that academics and athletics go hand in hand.

The club's Midget hockey teams are sometimes required to travel during the normal school week because of league scheduling. As part of our commitment to education we often combine out-of-town travel with college visits to give our student-athletes the opportunity to not only compete at the highest levels, but also to understand what it takes to be a college-level student-athlete for a quality university/college. On such visits we generally receive guided tours of the campus facilities from a head or assistant coach as our players begin to think about their college goals and develop a feel for places they would like to attend.

We recently have had the following college visit:

Date Range of Travel: *September 14-18, 2011*
University/College Visited: *St. John's University, Minnesota*

We ask that you help us on working with our student-athletes by recording their school absence to include this college visit. We are confident that together we can provide the necessary basis for achievement and success at both the academic and athletic levels.

Sincerely,

A handwritten signature in blue ink that reads "Paul Cavallini".
